**ATV Clubs Dedicated  
To Certifying Young Riders,  
Meeting High Demand Due To COVID**

Hundreds of young riders are getting their ATV Certification, thanks to the dedication and hard work of ATV clubs across the state. Riders age 12-15 will be some of the safest on the trails now and in the future. Year after year, the success of the DNR ATV Safety Training program is crystal clear. The vast majority of accidents that result in fatalities fall outside the range of riders who need ATV Certification to legally ride on Minnesota's great State ATV Trails (most fatalities are younger than 12 and older than 34).

Here are a few recent photos of the 80+ classes organized by ATV clubs this year, and taught by club volunteers, DNR Conservation Officers and County Sheriff's Deputies.

**ATV Clubs  
Prepare For  
A  
Busy  
Summer**

Across  
Minnesota, in  
addition to  
safety training,

ATV clubs are holding meetings and club rides, building and maintaining trails, cleaning highways, volunteering on county Search & Rescue ATV Teams (photo), organizing charity rides and veterans rides and more. Seventy ATV clubs work hard for their members and the riding public.

Over 400 new members joined ATV Minnesota in the first four months of 2021, in large part because of our new magazine.

To keep that momentum going and reach out to the riding public, we worked with Pro Print, our new publishing partner, to create a new website and Facebook page focused on the magazine, and a new ad (above). Watch for it in the new Explore Minnesota off-road tourism magazine, inserted in the July/August issue of Minnesota Wheelin and distributed far and wide by Explore Minnesota.

More details and a sign-up calendar coming soon at [atvam.org](http://atvam.org).  
Learn more about both events at [erxmotorpark.com](http://erxmotorpark.com)

**SAFETY FIRST:  
ALWAYS YIELD TO HORSES**  
A reminder as summer riding kicks off: Wherever you ride your ATV, dirt bike or off-road truck, always yield to riders on horseback. Stop at a distance, shut off the engine and take off your helmet so the horse knows what you are. Visit with the rider, and wait until they safely pass before firing up your engine.

There are some sad stories of ATV/horse encounters, especially in Montana and other mountain states where a lot of the trails are multi-use. Have fun! Ride safe!

**June 26 - White Pine Riders - 12th Annual Fun Run & Raffle, Denham Run Bar & Grill, Sturgeon Lake. See Facebook page for details.**

**How Can The Spider Lake  
and Foot Hills Trails Be Improved?**  
**Comment Today On A 3-Question Survey**  
*(Link at bottom of article)*

## The Minnesota DNR invites public comments, announces April 26th meeting on recreational trail revisions within the Foot Hills State Forest.

The DNR encourages people to learn about and comment on potential trail revisions within the Foot Hills State Forest in Cass County during an online public meeting from 6-7:30 p.m. on Monday, April 26. Comments and ideas may also be submitted by 4:30 p.m., Friday, May 14.

As part of its Minnesota State Forest Trail Revision project, the DNR is considering a number of measures to improve trail sustainability and enhance user experience for both motorized and

non-motorized uses within the Foot Hills State Forest. Potential measures include adding connections to facilities and amenities, adding new trails, and rerouting or closing unsustainable trails.

The Foot Hills State Forest is popular among off-highway vehicle users, hunters and cross-country skiers. Existing trail opportunities include the 26-mile Spider Lake OHV Trail System and 25 kilometers of cross-country ski trails. The potential revisions do not involve changes to forest-wide motor vehicle use classifications, other state forest recreation facilities like campgrounds or day-use areas, or state corridor trails specifically authorized in statute.

During the April 26 public meeting, DNR Parks and Trails staff will present a summary of the project, answer questions and take written and oral comments. Meeting participants are encouraged to use the comment form ([link below](#)).

Visit the Minnesota State Forest Trail Revision Project webpage for links to information on the project and meeting details. Meeting attendees are encouraged to submit questions in advance by emailing [foresttrailplanning.dnr@state.mn.us](mailto:foresttrailplanning.dnr@state.mn.us).

For those who cannot attend the meeting, comments and ideas can be submitted via fax to 651-297-1157, by email via the online comment form or by mail to: Joe Unger, Parks and Trails Division, Minnesota DNR, 500 Lafayette Road, St. Paul, MN 55155-4039. For more information, contact Dave Schotzko

(david.schotzko@state.mn.us), area supervisor, Parks and Trails Division, 218-308-2367, or visit the Minnesota State Forest Trail Revisions Project web page. People who require a special accommodations to attend the meeting should contact Joe Unger by April 21- joe.unger@state.mn.us .
